Application for Software Developer Role

Dear Sir/Ma'am,

About Me

I am currently studying Computer Engineering and I have a huge interest in programming and problem-solving. I love to spend my time doing Competitive programming at sites like Codechef, Hackerrank, Codeforces, HackerEarth etc. My familiarity with web technologies include Django with Python, Express with Node.JS, REST Web-Services, Angular 6, ASP.NET, Entity Framework, HTML5, CSS, Boostrap with proficiency ranging between basic to intermediate level. I have basic knowledge of Big Data and Hadoop Framework.

Why Me?

I am highly enthusiastic individual with always ready to learn and never give up attitude. I like exploring new ideas and love to work in a team. I have worked on various projects using above mentioned technologies/frameworks and I would love to use them at industrial scale while working for your organisation.

Yours Sincerely,

Huzaifa Mankda
